Your local museum is well worth supporting. New displays are created each year in the exhibition which draw in visitors and preserve interesting historical artefacts belonging to Mull.

We have nearly 10,000 documents and over 6,000 photographs in our archive collection. Contributions of artefacts, books, photos and papers continue to be donated all the time and new ones are always welcome.

As member you will have access to these at all reasonable times, according to our terms and conditions, and you will receive the museum newsletter '*The Bulletin*'.
